PROTOCOL ON COOPERATION AND INTERACTION BETWEEN COOMET AND EASC IN THE FIELD OF METROLOGY

The Euro-Asian Cooperation of National Metrological Institutions (COOMET) and the Interstate Council for Standardization, Metrology and Certification (EASC) of the CIS Member States (hereinafter referred to as the Parties), considering the similarity of their objectives, tasks and areas of cooperation in the field of metrology, as well as the need to enhance the effectiveness of interaction in this field, consider it appropriate to strengthen coordination in addressing issues of mutual interest and hereby state the following:

Article I

The Parties:

take into account relevant COOMET documents and recommendations in the development of interstate regulatory and technical documents in the field of metrology with a view to harmonizing metrological rules and regulations with international ones, where available;

carry out such work taking into account the provisions of the Mutual Recognition Arrangement of the International Committee for Weights and Measures (CIPM MRA), as well as other international documents in the field of metrology, for the purpose of improving the national measurement standards base of the States Parties to the Agreement on the Conduct of a Coordinated Policy in the Field of Standardization, Metrology and Certification of 13 March 1992 (hereinafter referred to as the Agreement of 13 March 1992), taking into account their trade, economic, scientific and technological interests;

promote awareness within the metrology community of the cooperation between the Parties;

make the necessary efforts to:

maintain the List of National Measurement Standards of the States Parties to the Agreement of 13 March 1992 as up to date;

facilitate National Metrology Institutes (NMIs) (or metrological institutions performing the functions of NMIs) of the States Parties to the Agreement of 13 March 1992 in signing the CIPM MRA, in the evaluation of management systems in accordance with ISO/IEC 17025, in submitting their Calibration and Measurement Capabilities (CMCs) to the BIPM Key Comparison Database (KCDB) through COOMET, as well as in developing cooperation with international metrology organizations, including the BIPM and the International Organization of Legal Metrology (OIML);

encourage NMIs of EASC member countries that are not members of COOMET to participate in COOMET activities, including comparisons of national measurement standards with NMIs that are members of COOMET, including on a bilateral basis.

Article II

The Parties coordinate the implementation of joint projects in the following areas:
development of normative and technical documents regulating the establishment and application of reference measurement procedures (methods);

implementation of the CIPM MRA, including the evaluation of management systems for compliance with ISO/IEC 17025 and the maintenance of international recognition of CMCs;

production and use of reference materials meeting the requirements of ISO 17034;

implementation of calibration and measurement uncertainty evaluation;

comparisons of national measurement standards;

development of regional policy on metrological traceability;

professional training of metrology specialists, organization of conferences, seminars, training placements, competitions, as well as activities in other areas of cooperation that the Parties may consider appropriate;

creation of a unified international competition platform to support talented young professionals in the field of metrology.

The Parties ensure mutual exchange of information on the main current issues of cooperation.

Technical cooperation is carried out through the working bodies of COOMET and EASC, in particular the COOMET Technical Committees and the Scientific and Technical Commission on Metrology under EASC (STCMetr).

The COOMET Secretariat and the EASC Bureau of Standards ensure that issues related to cooperation between the Parties in the field of metrology are included in the agendas of meetings of the COOMET Committee, STCMetr and EASC, respectively.

Signed in Baet, Kyrgyz Republic, on 10 July 2026, in two originals in the Russian and English languages, one for each Party. The originals of this Protocol shall be kept by the COOMET Secretariat and the EASC Bureau of Standards, which shall forward certified copies of the Protocol to COOMET and EASC members, respectively.

For COOMET

Lazizbek Saidoripov
COOMET President

For EASC
